The Texas Health Insurance Risk Pool (the Pool) was created by the Texas legislature to offer health insurance to residents of the state through participation of health insurance companies. This program is designed to provide health insurance to those Texas residents who are unable to obtain adequate health coverage due to their medical condition or who are considered Federally Eligible Individuals as defined by the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

- I. READ YOUR POLICY CAREFULLY.** This outline of coverage provides a very brief description of the important features of Your Policy. This is not the insurance policy and only the actual Policy provisions will control. The Policy itself sets forth, in detail, the rights and obligations of both You and the Pool. It is, therefore, important that You **READ YOUR POLICY CAREFULLY!** Your application and Your acceptance of the Policy, if issued, constitute Your agreement to the terms and limitations of the Policy.
- II.** This Policy is designed to provide eligible individuals with coverage for major hospital, medical, and surgical expenses, incurred as the result of a covered injury or sickness. Only eligible individuals and their Dependents and Family Members are eligible for coverage by the Pool.
- A. Eligibility for Coverage**
1. You are eligible for coverage by the Pool if You are under age 65 and You are and remain a legal resident of Texas and You provide evidence that You have maintained Health Insurance coverage for the 18 months preceding Your application for coverage to the Pool, with no gap in coverage greater than 63 days, provided the last Health Insurance was through an employer sponsored plan, church plan, government plan or another state's high risk pool.
  2. You are eligible for coverage by the Pool if You are under the age of 65 (or over the age of 65 and not enrolled in Medicare Part B), and remain a legal resident of Texas and You provide evidence that You are certified as eligible under Trade Adjustment Assistance or the Pension Benefit Guaranty Corporation (collectively, the HCTC Program).
  3. You are also an eligible individual if You are under age 65, have been for at least 30 days and remain a legal resident of Texas and a United States citizen or a permanent resident of the United States for at least three continuous years, and You provide evidence to the Pool's Administrator of one of the following:
    - a. A notice of rejection or refusal to issue substantially similar individual Health Insurance to You for health reasons by an Insurance Company;
    - b. A certification from an agent or salaried representative of an Insurance Company, on the Pool's Application form, that states the agent or representative is unable to obtain substantially similar individual Health insurance for You with any state-licensed Insurance Company, which the agent or representative represents, because You will be declined for coverage, as a result of Your medical condition, under the underwriting guidelines of the Insurance Company.
    - c. An offer by an Insurance Company to issue substantially similar individual Health Insurance to You only with conditional riders, which exclude coverage for medical conditions; or

#### **B. Persons Not Eligible**

Even if You meet an eligibility requirement above, You are not eligible for coverage by the Pool if You:

1. Have other Health Insurance in effect on the date Pool coverage would otherwise be effective (This does not apply to eligibility under the HCTC Program. In the case of coverage by Medicare, You are allowed to retain Medicare coverage if You otherwise qualify for the Pool. The Pool's coverage will be secondary to coverage provided by Medicare. In the case of an

individual policy of health insurance, You will be required to terminate such individual policy within 60 days after the effective date of a Pool policy);

2. Are eligible for or covered by employer-sponsored Health Insurance, including a self-insured health benefit plan, including eligibility for continuation of coverage under state or federal law (If You are or were eligible for COBRA or state mandated continuation, You are not eligible for Pool coverage until the scheduled termination of such continuation, even if You do not elect the continued coverage); except:
    - a. coverage, continued under state or federal law, maintained for the period of time necessary to satisfy any Preexisting Condition limitation period for Pool coverage (does not apply to eligibility under the HCTC Program); or
    - b. an employer group plan, church plan or government coverage that either excludes an individual or limits coverage for an individual by medical condition waivers; a pre-existing condition limitation of a benefit plan does not constitute an exclusion or a medical condition waiver of an individual (does not apply to eligibility under the HCTC Program).
- Note: If You or Your dependents were covered by prior group coverage, You and Your dependents may be eligible for COBRA or state continuation of coverage. If an individual is eligible for COBRA or state-mandated continuation, the individual is not eligible for Pool coverage until the scheduled termination of such continuation coverage, even if the continuation coverage was not elected by the individual. A dependent, covered under the terminating prior group coverage, is entitled to continuation, regardless of the continuation election of the employee.
3. Are covered by individual Health Insurance, unless You cancel or lapse such other coverage within 60 days after the effective date of Pool coverage. If such other individual Health Insurance coverage limits coverage for an individual by excluding one or more medical conditions, such other coverage may be continued while the Pool coverage is in force. During any period other individual Health Insurance coverage is in effect, after the effective date of Your Pool coverage, the Pool coverage will be secondary to such other coverage.
  4. Have terminated coverage through the Pool within the twelve months preceding Your application for coverage by the Pool, unless You demonstrate a good faith reason for the termination;
  5. Are confined to a county jail or imprisoned in a state or federal prison;
  6. Have premiums paid or reimbursed by or under any government sponsored program or any government agency or health care provider, unless You qualify as a full-time employee or such employee's dependent of such government agency or health care provider (does not apply to eligibility under the HCTC Program);
  7. Had prior coverage by the Pool that was terminated for nonpayment of premiums within the twelve months preceding Your application for coverage by the Pool;
  8. Had prior coverage by the Pool that was terminated for fraud; or
  9. Have received \$1,500,000 in benefits from the Pool under this Policy, including the benefits paid under any other Pool policies.

### III. Benefits

- A. The benefits outlined in the table below show the payment percentages for Covered Expenses AFTER each Insured Person has satisfied any deductibles. You have a choice of three plans of coverage. Plan I has a \$1000 Calendar Year Deductible; Plan II has a \$2500 Calendar Year Deductible; and Plan III has a \$5,000 Calendar Year Deductible. The Calendar Year Deductible amount selected may not be changed to a lower amount after the Policy is issued. You may request to change to a higher Calendar Year Deductible, if offered by the Pool, but only one such change will be allowed in a calendar year. The change will be effective on the first of the month following the date the Pool receives Your written request for such change or a later date, if You request it.

Covered Expenses are limited to the Allowable Amount determined by the Administrator. For a Preferred Provider, the Allowable Amount is based on the terms of the Preferred Provider network contract and the payment methodology in force on the date of service. The payment methodology used may include diagnosis-related groups (DRGs), relative value, resource based relative value scale (RBRVS), fee schedules, package pricing, global pricing or other payment methodologies. For a Non-Preferred Provider, the Allowable Amount is based on the amount that would have been paid for the same covered service, supply or procedure with an equivalent Preferred Provider.

**IMPORTANT:** All claim payments are based on Allowable Amounts. Preferred Providers, contracted with the Administrator, must accept these Allowable Amounts as payment in full, subject to the deductibles and Preferred Provider Coinsurance Percentage. If an Insured Person uses a Non-Preferred Provider, the Insured Person will be responsible for charges over the Allowable Amount, in addition to the deductibles and the Insured Person's share of the Non-Preferred Provider Coinsurance Percentage. ParPlan Providers have agreed to accept the Allowable Amount as payment in full, subject to the Insured Person's payment of the deductibles and the Insured Person's share of the Non-Preferred Provider Coinsurance Percentage.

Even if You consult a Preferred Provider, ask about any of the providers rendering care to You. For example, if You are scheduled for surgery, ensure that Your Preferred Provider surgeon will be using a Preferred Provider facility for Your procedure and a Preferred Provider for Your anesthesia, radiology or pathology services.

Services You receive during an inpatient or outpatient admission may include care rendered by hospital-based, ancillary Non-Preferred Providers, such as an anesthesiologist, pathologist, radiologist, neonatologist or emergency medicine physician. To confirm if Your Preferred Provider facility includes ancillary Preferred Providers, go to “Provider Finder” at <http://www.bcbstx.com/online/directory/ppo.htm> and, in the Custom Search box, click on the link at the “Important Note” to verify information for Your facility.

After each Insured Person has paid the applicable deductibles, the Policy will pay the amount of Covered Expenses in excess of the coinsurance amount. For Covered Expenses from a Preferred Provider, once You have paid Your Coinsurance Maximum, the Policy will pay 100% of Covered Expenses from Preferred Providers for the remainder of the calendar year. There is no Coinsurance Maximum for Covered Expenses from a Non-Preferred Provider, including ParPlan Providers. The Policy will never pay 100% for Covered Expenses from a Non-Preferred Provider. In no event will the Policy pay more than the Lifetime Maximum for each Insured Person. Also, the Calendar Year Deductible, the emergency care deductible, physician office visit copayments and charges for outpatient prescription drugs, including charges applied to the prescription drug deductible or copayments, do not count toward the Coinsurance Maximum.

The Calendar Year Deductible and Coinsurance Maximum are accumulated on a calendar year basis, regardless of when Your coverage becomes effective. However, Covered Expenses, which are applied toward the Calendar Year Deductible in the last three months of the year, will also be applied in an equal amount to the Calendar Year Deductible for the next year.

Covered Expenses are charges for services and supplies, which are covered by the Policy, that are not in excess of Allowable Amounts and that are determined by the Administrator to be Medically Necessary for treatment of an illness or injury.

Lifetime Maximum or Lifetime Maximum Amount means the maximum amount of covered expenses payable by the Pool under this Policy and any other Pool policy for each Insured Person. The Lifetime Maximum Amount is \$1,500,000.

WHAT YOU PAY	PLAN I	PLAN II	PLAN III
Calendar Year Deductible for each Insured Person	\$1000	\$2500	\$5000
Coinsurance for PPO Providers	20%	20%	20%
Coinsurance for Non PPO Providers	40%	40%	40%
Coinsurance Maximum for PPO Providers (calendar year) for each Insured Person	\$3000	\$3000	\$3000
Coinsurance Maximum for Non PPO Providers (calendar year) for each Insured Person	None	None	None
Lifetime Maximum Amount for each Insured Person	\$1,500,000

**B. Preauthorization and Case Management Provisions**

The special features listed below allow You access to the medical care You need, while they reduce the costs to You and the Pool.

1. **Preauthorization:** Information is reviewed by medical personnel to authorize specific services. Preauthorization is required for the following medical services: inpatient hospital admissions, skilled nursing facility admissions, home health care services, home infusion therapy, hospice care, durable medical equipment over \$2,000 and organ and tissue transplants. It is necessary to contact the Administrator prior to obtaining such services. **If the service is not preauthorized, the benefit for the service will be reduced by 50%.** In addition, certain benefits administered by the Pharmacy Manager are subject to Prior Authorization. Please see the Prescription Drug benefit description for details.
2. **Case management:** The case manager will work with You and Your physician to determine the appropriate level of care You need.

**C. BlueChoice® Network**

The Pool has selected the BlueChoice® Network as the Pool's Preferred Provider Organization (PPO). Although You may choose any medical provider or hospital, You will save money by using providers from the BlueChoice® Network.

If You choose a BlueChoice provider, the Policy will pay a greater coinsurance rate and the BlueChoice provider's rate will be based on the Allowable Amount for that provider's service. If You choose a medical provider or hospital not participating in the BlueChoice® Network, the Policy will pay a lower coinsurance rate for covered expenses and there is no Coinsurance Maximum for covered expenses from Non-Preferred Providers, including ParPlan Providers. Also, Covered Expenses of Non-Preferred Providers, paid by the Policy, will be based on the Allowable Amount, determined by the Administrator, which may be less than the provider's billed rate. The provider may bill You for the difference between the charges paid by the Policy and the provider's billed rate (balance billing). If this occurs, You will have a greater out of pocket expense. If You choose a ParPlan Provider, the Policy will pay the Non-Preferred Provider level of benefits, but the ParPlan Provider has agreed to: file Your claims; not bill You for the difference between the ParPlan Provider's charge and the Allowable Amount covered under this Policy for any treatment or services; and not bill You for treatment or services that are not Medically Necessary, as determined by the Administrator.

There are other advantages to using BlueChoice providers. They will handle the initial paperwork so You do not have to file claims. They may also precertify benefits for You, although it is ultimately Your responsibility to ensure that Your services have been authorized by the Pool.

A list of Preferred Providers in Your area is contained in the Preferred Provider Directory that was provided to You. You may call the Administrator's precertification referral department at its toll free number, 888-398-3927, to obtain the name of a Preferred Provider outside Your area, if needed. Any changes to the list of Preferred Providers will be provided to You not less than annually. You may call the Administrator during regular business hours to receive a current list of Preferred Providers. The

list of Preferred Providers changes from time to time so it is important for You to verify the network status of Your providers. You can do this by confirming with Your provider that the provider is a member of the network or by calling the Administrator or checking the list of current Preferred Providers found on the Pool's web site ([www.txhealthpool.org](http://www.txhealthpool.org)).

If there are no BlueChoice providers available to You, You must contact the Administrator's precertification referral department at its toll free number. Generally, a BlueChoice provider will be considered to be unavailable to You if You reside more than 30 miles from a BlueChoice provider. If there are no BlueChoice providers available to You and You receive approval from the Administrator before obtaining services from a Non-Preferred Provider, Covered Expenses for treatment or services by the Non-Preferred Provider will be paid at the Preferred Provider coinsurance level. If You fail to obtain approval from the Administrator prior to obtaining the services of a Non-Preferred Provider, Covered Expenses for treatment or services by that Non-Preferred Provider will be paid at the Non-Preferred Provider Coinsurance Percentage, regardless of the availability to You of a Preferred Provider.

When an Insured Person receives covered Emergency Care Services from a Non-Preferred Provider, those services will be paid as if they were received from a Preferred Provider. However, once the Insured Person can be safely transferred to a Preferred Provider, the Insured Person must be transferred to a Preferred Provider in order to continue receiving the Preferred Provider level of benefits. If the Insured Person chooses not to transfer, Policy benefits will be payable at the lower Non-Preferred Provider level.

**IMPORTANT: All claim payments are based on Allowable Amounts. Preferred Providers, contracted with the Administrator, must accept these Allowable Amounts as payment in full, subject to the deductibles and Preferred Provider Coinsurance Percentage. If an Insured Person uses a Non-Preferred Provider, the Insured Person will be responsible for charges over the Allowable Amount, in addition to the deductibles and the Insured Person's share of the Non-Preferred Provider Coinsurance Percentage. ParPlan Providers have agreed to accept the Allowable Amount as payment in full, subject to the Insured Person's payment of the deductibles and the Insured Person's share of the Non-Preferred Provider Coinsurance Percentage.**

Even if You consult a Preferred Provider, ask about any of the providers rendering care to You. For example, if You are scheduled for surgery, ensure that Your Preferred Provider surgeon will be using a Preferred Provider facility for Your procedure and a Preferred Provider for Your anesthesia, radiology or pathology services.

Services You receive during an inpatient or outpatient admission may include care rendered by hospital-based, ancillary Non-Preferred Providers, such as an anesthesiologist, pathologist, radiologist, neonatologist or emergency medicine physician. To confirm if Your Preferred Provider facility includes ancillary Preferred Providers, go to "Provider Finder" at <http://www.bcbstx.com/onlinedirectory/ppo.htm> and, in the Custom Search box, click on the link at the "Important Note" to verify information for Your facility.

If an Insured Person's Preferred Provider's arrangement with the Network, chosen by the Pool for this Policy, terminates and, at the time of such termination, the Insured Person has special circumstances, benefits for Covered Expenses received from that provider will be paid as if the Covered Expenses were received from a Preferred Provider until: in the case of an Insured Person who has been diagnosed with a terminal illness, the end of nine months after the effective date of termination; in the case of an Insured Person who, at the time of termination, is past the 24th week of pregnancy, delivery of the child, immediate post-partum care and the follow-up checkup within the first six weeks after the delivery; or in all other special circumstances, the end of 90 days after the date of termination.

"Special circumstances" means a condition such that the treating Physician reasonably believes that discontinuing care by the treating Physician could cause harm to the patient. Special circumstances must be identified by the treating Physician who must: make a request to the Administrator that the Insured Person be permitted to continue treatment under the Physician's care; and agree not to seek payment from the Insured Person for any amounts in excess of the Preferred Provider rate for the treatment or services rendered.

#### **D. BlueCard Program**

The BlueCard Program provides access to Preferred Providers of other Blue Cross and/or Blue Shield Plans outside Texas. If You incur expenses outside Texas through the BlueCard Program, You must pay the Preferred Provider Coinsurance amount, after satisfaction of the Deductible. Covered Expenses for a BlueCard program provider will be calculated using the lesser of the billed charges of the BlueCard Program provider or the negotiated rate the Administrator pays the local Blue Cross and/or Blue Shield Plan.

#### **E. Pharmacy Benefits**

**This benefit does not apply to an Insured Person eligible for Medicare.** The Pool offers a statewide network of pharmacies, a Mail Order program and a Specialty Medications program through WellPoint Pharmacy Management, Inc., the Pharmacy Manager. To ensure proper dosage and use, some prescription drugs may be subject to a quantity limit per prescription and/or per 30-day supply. Certain drugs will require prior authorization by the Pharmacy Manager before You can obtain a covered prescription drug at a network pharmacy. A complete list of the drugs, including growth hormone drugs and Imiglucerase, that require prior authorization can be obtained on the Pool web site, [www.txhealthpool.org](http://www.txhealthpool.org), or by calling the Pharmacy Manager's toll free number shown on the first page of this Outline of Coverage. Compounded drugs and branded generic drugs will be covered as brand name drugs.

##### **1. Prescription Drug Deductible**

Benefits for outpatient prescription drugs are subject to a calendar year deductible of \$100. Charges applied to this deductible or to the applicable drug copayments do not apply to the Calendar Year Deductible or to the Coinsurance Maximum amount.

##### **2. Pharmacy Network Benefits**

When Your prescriptions are filled at a network pharmacy, for up to a 30-day supply, You will pay \$10 for generic drugs, or, if a generic drug is not available, \$25 for formulary brand name drugs or \$40 for non-formulary brand name drugs. If a generic drug is available and You receive a brand name drug, You will pay the applicable brand name drug copayment plus the difference in cost between the generic drug and the brand name drug.

The Pool also offers a Mail Order program through the Pharmacy Manager. When Your prescriptions are filled through the Mail Order program, for up to a 90-day supply, You will pay \$25 for generic drugs, or if a generic drug is not available, \$60 for formulary brand name drugs or \$100 for non-formulary brand name drugs. If a generic drug is available and You receive a brand name drug, You will pay the applicable brand name drug copayment plus the difference in cost between the generic drug and the brand name drug.

The Pool also offers a Specialty Medications program through the Pharmacy Manager for Insured Persons who are receiving treatment for complex disease states. Specialty medications, obtained through the program, will be subject to the applicable network pharmacy copayment amount. The Pharmacy Manager will contact Insured Persons who may be eligible for this program.

##### **3. Non-Network Pharmacy Benefits**

When You fill a prescription at a non-participating pharmacy, You must pay the charges of the pharmacy and submit a claim to the Pharmacy Manager. After deduction of the applicable Copayment Amount, the Pharmacy Manager will pay a benefit equal to 90% of the lesser of the pharmacy's usual and customary charge or the amount that would have been paid by the Policy for the same prescription if dispensed by a network pharmacy. A covered prescription will not exceed a 30-day supply.

#### **IV. Insured Person's Financial Responsibility**

The Insured Person is financially responsible for: payment of premiums on a timely basis; payment to health care providers for charges that are applied to the calendar year deductible or emergency care deductible; payment to health care providers for the balance of charges after the Pool's payment of the Coinsurance Percentage; copayment amounts; balance of charges, if any, between Reasonable Charges and a Non-Preferred Provider's billed rate; any charges that are not a Covered Expenses payable under the Policy; any charges for services or treatment excluded under the Policy; and amounts in excess of benefit maximum amounts.

#### **V. Subrogation and Reimbursement**

The Pool has a right to subrogation and reimbursement, as outlined in the Policy and §§1506.301-1506.305, Texas Insurance Code.

#### **VI. Right to Recover an Overpayment**

If the Pool makes any overpayment, the Pool can recover what it did not owe from the person to whom the payment was made or from any other appropriate person. The Pool has this right even if the mistake was the Pool's fault. If the overpayment was made to You, the Pool has the right to deduct it when the Pool pays Your claims.

## **VII. Exclusions and Limitations**

### **A. Preexisting Condition Limitation:**

During the first 12 months following Your effective date of coverage, the Policy will not pay benefits for any charges or expenses for a Preexisting Condition. A Preexisting Condition is a disease or condition: for which the existence of symptoms would cause an ordinarily prudent person to seek diagnosis, care or treatment during the six month's before an Insured Person's effective date of coverage; or for which medical advice, care or treatment was recommended or received during the 6 months prior to an Insured Person's effective date of coverage. Preexisting Condition includes a preexisting pregnancy or a complication of a preexisting pregnancy, whether the complication occurs before or after the effective date of coverage. Preexisting Condition does not include genetic information, in the absence of a diagnosis of the condition related to the genetic information.

The Preexisting Condition limitation will not apply to an Insured Person who:

1. has maintained Health Insurance for the 18 months immediately preceding the Insured Person's application for coverage under this Policy, excluding any waiting period, with no gap in coverage greater than 63 days, provided the most recent coverage was through an employer-sponsored plan, church plan, government plan or another state's high risk pool; or
2. was continuously covered for an aggregate period of 12 months by Creditable Coverage that was in effect up to a date not more than 63 days before the Insured Person's effective date under this Policy, excluding any waiting period, provided that application for coverage under this Policy is made no later than 63 days following the termination of such Creditable Coverage; or
3. who has been continuously covered, since birth, adoption or Your suit for adoption of the Insured Person, by Creditable Coverage that was in effect up to a date not more than 63 days before the Insured Person's effective date under this Policy, excluding any waiting period, provided that application for coverage under this Policy for the Insured Person is made no later than 63 days following the termination of such Creditable Coverage.

The Preexisting Condition limitation will not apply if You are eligible for Pool coverage under the HCTC Program and You were continuously covered for an aggregate period of 3 months of Creditable Coverage that was in effect up to a date not more than 63 days before Your effective date under this Policy, excluding any waiting period, provided that application for coverage under this Policy is made no later than 63 days following the termination of such Creditable Coverage.

In determining whether the Preexisting Condition limitation applies to You, credit will be given for the time You were covered under any prior Creditable Coverage, including any waiting period for that coverage, that was in effect at any time during the 12 months before Your effective date under this Policy.

### **B. The Policy will not pay benefits for services or expenses or any loss resulting from or in connection with:**

- Services, supplies or treatment provided: prior to the Effective Date of coverage or after the termination date of coverage for an Insured Person; or for the portion of any Hospital or other inpatient facility admission that occurs before the Effective Date of coverage or after the termination date of coverage for an Insured Person.
- Any service or supply that is not medically necessary.
- Charges for treatment, services or supplies that are Experimental or Investigational in nature.
- Any expense determined by the Pool to be in excess of the Allowable Amount.
- Any penalty or fee for the failure to keep a scheduled visit with a Physician; or any charges for completion of any insurance forms or for acquisition of medical records.
- Any charge for services or supplies that are not within the scope of authorized practice of the institution or person rendering the services or supplies.
- Any charges for physical therapy, occupational therapy or speech language therapy provided by an educational institution or school district.

I understand and agree that no coverage shall be effective until all requirements have been completed. I understand and agree to pay an application fee equal to the premium mode I have selected. This payment is only a deposit that will be returned if my application is denied or applied to any premium charges if my application is accepted. I understand and agree that the deposit of my application fee does not constitute acceptance of my application by the Texas Health Insurance Risk Pool.

I understand and agree that referring agents are not authorized to interpret, amend, or alter the terms of the Texas Health Insurance Risk Pool policy, nor are referring agents authorized to bind Texas Health Insurance Risk Pool in any way. I understand and agree that premiums charged for coverage and the coverage provided by the Texas Health Insurance Risk Pool are subject to change by the Board of Directors. **I understand that my coverage will become effective on the first of the month following approval and acceptance of the application by Texas Health Insurance Risk Pool.**

Preexisting condition includes a preexisting pregnancy or a complication of a preexisting pregnancy, whether the complication occurs before or after the effective date of coverage. It may also be made available to provider peer review panels or consultants, the actuarial or research organizations, or other persons authorized by law to receive such data.

I have read the above statement, and I agree to supply the data on this form with full knowledge of the information provided in that statement. If I am applying based on an agent's certification of my ineligibility for substantially similar coverage from an insurer or health maintenance organization, based on my medical condition(s), I hereby certify that the medical information provided on this application by the agent is correct and I agree that a copy of the agent's statement, SECTION I, may be furnished to the named insurer or HMO.

## Premium Rate Tables

Effective Date 01/01/2006

### Texas Health Insurance Risk Pool Premium Rate Table Instructions

Your monthly premium rate is determined by your deductible plan, age, gender, tobacco user status, and zip code.

**Important:** If you are Medicare-eligible, please refer to the separate MEDICARE-ELIGIBLE premium rate table.

1. Select the deductible plan you want: Plan I (\$1,000 deductible), Plan II (\$2,500 deductible) or Plan III (\$5,000 deductible).

Carefully review the Outline of Coverage before selecting your deductible plan. The deductible amount selected may not be changed to a lower amount after the policy is issued.

2. The rate tables are separated into tobacco user and non-tobacco user categories. You may choose the non-tobacco user category only if you have not used any tobacco products in the last 12 months.
3. Look at the table below for your zip code. The rate area is determined by the first three numbers of your zip code.
4. Find your rate area within the appropriate tobacco user status table. Next, find the age bracket that contains your age as of your anticipated coverage date. (For example, age 42 would be found in the "40-44" age bracket.) The effective date of your coverage will be the first day of the month following the date your complete application is approved, unless you request a later effective date.
5. Locate your monthly premium rate for the deductible plan you have selected. For example, a 42 year-old male non-tobacco user whose zip code begins with 754 would be located in Area 3. His monthly premium would be \$490 for Plan I, \$316 for Plan II, or \$256 for Plan III.
